**FILE CHANGE OF ADDRESS
FORM [AR-11] ONLINE**

Persons who have an application and/or petition pending with the USCIS need to notify it of any change of address as soon as possible after moving.

The law *requires* nearly all non-U.S. Citizens to report a change of address within 10 days of moving by completing a Form AR-11. Abiding by these legal requirements and completing the necessary forms does not update an address on any applications or petitions pending with USCIS. Non-citizens with pending cases must do both.

Most persons can now notify USCIS and change their address on a pending case online on the USCIS website. If you choose to change your address online, you will need to have the following information available before you begin:

- Your receipt notice or other notice sent to you showing your receipt number (if you have a pending case with USCIS).
- If you have filed a petition for a family member, please have ready the names and biographical information for that person.
- When you last entered the United States (if you cannot remember

this information please fill in an approximate date)

- **Where you last entered the United States (through what port of entry you entered - whether by land, sea or air)**

Here is the link for you to begin your online filing of AR-11:
